SPEED QUEEN® VENDED LAUNDRY SOLUTIONS

Commercial Washers & Dryers

Speed Queen

The Proven Performer in Laundry

QUANTUM® GOLD CONTROLS
Dedicated to a Higher Standard

For more than a century, Speed Queen® has built a legacy on providing equipment that stands up to any commercial laundry challenge. We make no compromises in performance. We refuse to be outdone in reliability and efficiency. Our commitment to quality is only matched by our commitment to your success. The result? The most profitable machines in the industry – bar none.

Quantum® Gold

Revolutionary Quantum® Gold technology combines equipment controls, programming and wireless networking into one full-store management system, including: wireless networking, adjustable water levels, "lucky cycle" feature, time of day pricing, customizable cycle modifiers, and in-depth reporting. Design to reduce costs and maximize revenue, Quantum gives you the power to achieve unprecedented levels of profitability.

- Capacitive Touch buttons are durable, inside and out, and reliable for years of use without looking worn
- White LED lights on buttons
- Integrated Wifi
- NFC allows programming using your phone/tablet, Android only

E-Mech

The E-Mech control features a straightforward design that offers customers simple water temperature and fabric selections, using cue lights to monitor progress through the wash cycle. This control is designed to function with any coin slide manufacturer's equipment.

Built for Reliable Performance

Front load washer

- Revolutionary balancing technology redistributes even the most unbalanced loads for consistent cycle times, minimized vibration and reduced noise

- Increase spin speed extracts 440 G-Force to maximize moisture removal, helping to minimize dry times

- 20% increase in capacity with improved water usage for superior washability, increased customer satisfaction and lower utility bills

- Heavy-duty design features like a rugged suspension system and stainless steel washtub and outer drain tub to deliver long-lasting performance

- Redesigned 4-compartment soap dispenser for simplified use and cleaning with for time for flushing

Top load washer

- Durable stainless steel tub becomes smoother with each use, so it won't pill, snag or fray clothes

- 710 RPM final spin speed extracts more water from loads reducing the energy costs associated with long drying times

- Advanced suspension system decreases the possibility of an unbalanced load issue

- Secure high-capacity coin vaults feature a double-wrapped steel front and are secured to the washer top with heavy duty bolts

Single and stack dryer

- Extra-large capacity with industry-leading large door opening for easy loading and unloading

- Durable galvanized steel cylinder

- Upfront lint filter for easy cleaning

- Stack unit offers two dryers in floor space of one
